The box contains numerous little gifts which are to be opened one each day. This box enables Richard to look forward to something each day and helps to cheer him during his recovery.

Raise Sales Tax In Antioch August 1st

The Antioch village board last Tuesday night approved a 1/4c increase in the sales tax. The extra 1/4c for municipalities is optional under the increase recently passed by the General Assembly. The increase will go into effect on August 1, raising the sales tax within the village to 5c, of which the village receives 3/4c.

Treasurer Martha Hunter said the 1/4c increase will bring about \$3,000 a month into the village treasury.

MORE CROSSWALKS

Sergeant Jack Davis asked that crosswalks be installed on the north side of Lake and Main Sts., at Broadway and Lake on Lake St., and on north Main near the Pool. He also asked that Yield to Pedestrians signs be installed at the crosswalks. The board approved the request.

Mayor Toft also instructed that the Antioch Police Department contact the State Highway Department and ask that the speed limit be reduced on Main St. and on Route 173 to the eastern limits of the village.

The area in front of Lyons-Ryan Ford is a potential danger, he said, because of high speed of traffic in the business area.

REFUSE PERMIT

The board reviewed plans for pre-fab homes, presented by Miles Westbrook of Woodstock, and upheld the decision of Building Inspector Walter Delaney to refuse to grant a permit to build the homes in Oakwood Knolls.

Board members pointed out several items in the plans which failed to come up to the village building code. It was pointed out that the county had refused to grant permits for this type of home.

Mayor Ray Toft advised Westbrook to either change the plans to bring the buildings up to specifications or to gain county permission on the plans. The board, he said, would probably accept the recommendation of Mr. Delaney when plans met his approval.

CONSIDER TOBACCO LICENSE

Trustee Richard Radke told the board that he had investigated licensing of sale of tobacco products and vending machines in other towns in the area, and gave costs in various towns. Mayor Ray Toft instructed the licensing committee to consider the possibility of initiating license fees for these products.

SMOKE TESTS PRODUCE RESULTS

Trustee Vern Barnstable reported that smoke tests in Osmond's subdivision had located six homes where downspouts carried rain water into the sanitary sewer system. The six homes, Edgar Simonsen said, would contribute substantially to

flooding of the sewers during rainy seasons.

Surface drainage from one home, Simonsen said, during a heavy rain, would run as much water into the sewer system as the normal use of ten homes.

Home owners will be advised to cut off downspouts to correct the condition, Barnstable said. The smoke tests will be carried on throughout the village as the village crew has time to

carry them out.

HIRE NEW PATROLMAN

Art Meierdick, chairman of the police committee, announced the resignation of Rudy Hajek from the police force, and the employment of Robert Matthews, Rt. 3, Salem, to replace him. Matthews is 44 years old, a supervisor at American Motors. He has served eight years in the Armed Forces, and was a Military Policeman in the

Fund Set Up As Memorial To D. Costoff

Recently, Donna Costoff, a young resident of Antioch, passed away. As a memorial to her, a fund has been set up in the form of a scholarship. Since it was Donna's hope to become a nurse, the scholarship will be given to others also interested in entering the nursing field.

In order to make this memorial possible, contributions from businesses, clubs, organizations, and individuals will be needed. Contributions can be sent or brought to Antioch Community High School, 1133 S. Main St., Antioch, Illinois 60002. Checks may be made payable to the Donna Costoff Scholarship Fund, c/o Antioch Community High School.

Supervisors Approve Dupre Zone Petition

The Lake County Board of Supervisors Tuesday approved the rezoning of approximately 2.5 acres on Rte. 21-83 just south of Beach Grove Road.

The supervisors upheld the recommendation of the Zoning Board of Appeals in changing the zoning classification from SR (Suburban Residential) to CB (Community Business).

The petitioner, Vincent Dupre, pointed out that most of the property in the area is used for commercial or industrial purposes and the rezoning would bring the subject property into conformity with surrounding uses.

Trio Of Blondes Beat Beauty Pageant Deadline

Blondes may not really have more fun than other people, but the odds have been lengthened that a blonde will be chosen Beauty Queen of the Antioch Jubilee Celebration on Aug. 6.

A trio of blonde belles has entered the Jaycees Beauty Pageant which will highlight the jubilee celebration and their entries give those with blonde tresses a slight edge in enrollment for the beauty title chase.

Preliminaries for the Beauty Pageant will be held at Antioch Community High School July 29 with the Sponsors and Contestants Dinner slated for July 28.

Deadline for submitting entries in the Beauty Queen Pageant is July 15 and the entry list will be limited to 20 contestants.

Entry forms may be obtained at the Jaycees office. The three new entries are Jo Ann Lozowski, Cindy Mortensen and Nicki Nissen.

These girls join seven other applicants who preceded them in applications. The seven include Kathi Gross, sponsored by Gibbs & Jensen; Laurie Markwart, Miss Ben Franklin; Marilyn Wiergac, Miss Brave Bull; Marge Madsen, sponsored by Chas.

Cindy Mortensen

Jo Ann Lozowski

Nicki Nissen

Cermak, and Kristyn Ann Borchardt, sponsored by the First National Bank.

Two other girls complete the seven, Denise Prather, Antioch Savings & Loan, and Holly Steichman, backed by Stringer Motors.

A home body despite her blonde good looks, Miss Nicki Nissen, a 1967 graduate of Antioch High School, lists sewing and cooking as her favorite activities with swimming coming close behind. Nicki plans to attend Stout State College at Me-

nominee, Wis., next fall.

A career as a teacher is in the future for JoAnn Lozowski, of 1707 E. Fairfield Rd., Lake Villa, another 1967 graduate of AC HS. JoAnn, who was active in the Pep Club, Future Teachers, and the Girls' Choir in high school is a 5 foot, 4 inch blonde who tips the scales at 110 lbs.

She plans to enter Illinois State University in the fall where she will major in teaching.

Dramatics were important to Cindy Mortensen, of Antioch, in high school, but her big role in the future will be that of wife and mother.

A waitress since graduating in 1966 Cindy finds her job ideal for pursuing her main interest meeting people and enjoying new experiences.

A brown-eyed blonde, Cindy is a well-proportioned 130 pounder who stands 5 feet 8 inches.

Lions Club Sets Dates For Swims

The Antioch Lions Club had a successful swim lesson again this year. Even with the weather as cold as it had been the first class was 60% full, and the second class which started July 5 is full to capacity. If you're still interested, there are two more sessions. Registration dates are July 15 for the third session and July 29 for the fourth session.

Registrations may be obtained by writing to Charlotte Queen, P. O. Box 284, Antioch, Illinois 60002. The Antioch Swim Club is meeting regularly now, each morning at 9:00. If your interested you are still welcome.

Gadet Dowdall Rates At Air Force School

Congressman Robert McClory (R. Lake Bluff) announced a recent high rating of Cadet Michael David Dowdall, at the Air Force Academy in Colorado Springs. Cadet Dowdall is the son of Mrs. James A. Dowdall, 149 Buckley Road, Libertyville.

A graduate of Libertyville High School, Michael's activities there included membership on the Student Council and in the national Honor Society. He was also a member of the varsity wrestling and track teams and of the German and Math Clubs.

Cadet Dowdall has achieved the distinction, in his first year at the Air Force Academy of twice placing on the Dean's List.

Antioch Humorist Returns Home From Viet Nam Duty

Kenneth Kasel, one of Antioch's young men who served in Viet Nam, returned for a short visit after serving eleven months in the war area.

Kenneth, you may remember, if you're a regular reader of the Antioch News, wrote that whimsical and entertaining letter of thanks to the Post Office when he received the first package from Project Viet Nam.

Kenneth is not a young man to assume a cloak of martyrdom. He found Viet Nam unpleasant and uncomfortable for the most part, but he thinks quite a few of the men have it a good deal easier than they let on.

"Sure, where we were stationed, we had no running water, and it was dirty and hot and uncomfortable. But in another ranch of the service, in the same city, they had a big PX where you could buy drinks or hamburgers or what-have-you. The officers' quarters looked like a Colonial home and were air conditioned. The infantry is out in the field most of the time, but there's an awful lot of men supporting them that spend most of their time at the base."

Nevertheless, he thoroughly appreciated the packages from Project Viet Nam. Not

Kenneth Kasel, Antioch, who just returned from Viet Nam, in a recent interview.

Just before he was due to come home, Kenneth went on a "job" with a group of engineers assigned to blow up one of the many tunnels that honeycomb Viet Nam and are a constant threat.

The tunnel went all the way through a mountain and must, they surmised, have taken the Viet Cong years to dig with their primitive tools. The men didn't risk exploring the tunnel, but placed TNT enough to thoroughly close about 100 feet of the

Bank Donates Jubilee Coins

Friday, July 7, marked a big step in the moving project Viet Nam. Joe Wolf, postmaster, accepted 55 Diamond Jubilee commemorative coins from William Brook, president of Antioch's State Bank and chairman of the Diamond Jubilee celebration.

The coins, bronze in color, were to be sent to Antioch's fighting service men in Viet Nam through Project Viet Nam. They were sent out with last Monday's mailing of

packages to the men.

Almost becoming a scarcity, the servicemen will surely treasure these commemorative as a reminder that someone back here in the 50's still remember them.

Only through the support of area firms, families and friends does Project Viet Nam roll to greater heights.

Two new names were added to the ever-changing list of the Antioch men serving in Viet Nam. These boys, (continued on page 3)

Supervisors Increase County Sales Tax

Retail stores in unincorporated areas of Lake County will add another quarter cent to the sales tax they charge their customers after Aug. 1.

The increase was established Tuesday when the Lake County Board of Supervisors approved a resolution increasing the county's sales tax, or more correctly Retailers Occupation Tax, to three-fourths of one percent.

The increase was made possible by 11th hour action of the Illinois General Assembly which boosted the state tax to four and a quarter per

cent and permitted cities and counties to increase their tax to three-quarters of one percent.

Retail sales now bring approximately \$180,000 a year into County of Lake coffers and the new tax is expected to increase this amount to \$270,000.

Revenue from the combined State and County sales tax, which will be a full five per cent after Aug. 1, goes into the general county fund. Most cities and villages in the county are expected to take advantage of the added revenue.

Many communities bordering Wisconsin fought increases in the sales tax in the past, but this opposition died out when the Badger State imposed a sales tax on most goods and Illinois authorized local governments to impose the sales tax as a revenue measure.

In other board action Tuesday the supervisors approved a schedule of highway improvements, submitted by County Highway Superintendent Melvin Amstutz, but none were in the Antioch area.

William Brook, president of the State Bank of Antioch, presenting 55 Diamond Jubilee Commemorative Coins to Joe Wolf, postmaster. The coins will be sent to Viet Nam servicemen who live in the Antioch area.

Rioters vs. Parents?

Teen age rioting such as that which turned Lake Geneva and nearby communities into a battleground over the Fourth of July weekend are usually followed with outraged cries for stiff punishment, jail sentences, and, for the most serious offenders, a hitch in the Army.

Somehow, the thought of an Army made up of undisciplined teenagers, malcontents, and irresponsible adolescents does not put us in the mood to dash out and by U.S. Defense Bonds.

Actually, control of these rampages is in the hands of the parents—where it belongs.

All the parents have to do is write to Secretary of State Paul Powell and ask that their son's or daughter's driving license be revoked and it is done.

Take the wheels away from the irresponsible teenagers and you take away their mobility and their ability to converge on a community they decide to "take over."

Of course, the trouble with the solution is that parents who can't control their youngsters enough to keep them out of riots, probably wouldn't have the courage necessary to write the letter.

And no doubt the more sophisticated minors could find a bootleg license if he were grounded by irate parents and the courts would give him a "pass" if he were caught with a doctored driver's license.

To the Editor
The Antioch News
Antioch, Illinois
Dear Sir:

The State Department has advised the tobacco industry, and others, that commerce with ALL Eastern Europe, including the Soviet Union, is compatible with our national interests. In spite of this, experts in the Administration consistently justify United States aid-trade with Yugoslavia on the grounds that Tito is 'independent' and 'unaligned'.

During the current United Nations debate, news-wire reports continually refer to Yugoslavia as one of the 'un-aligned' nations sponsoring certain resolutions. They overlook the fact that on June 21 Tito's Prime Minister addressed the General Assembly and lined up, as Yugoslavia always does, against the United States.

How the Administration experts can conclude that Tito is a deviate from the overall Soviet strategy is the most puzzling aspect of the cold war. Tito has always been a devoted communist, died to the Soviet Union as the first land of socialism. He has not recanted his statement: "We will accept aid from the capitalistic countries, but with the sole

aim of accelerating their final ruin."

Recent visits of the Soviet President and Red Army officials to Belgrade are significant and the Free-world can be sure that Stalin had good reasons for his confidence that Yugoslavia would play a 'special role in international affairs'.

Yours truly,

Dear Editor:

If the majority of Congressional districts set men such as U. S. Rep. Robert McClory to Congress, the American people could expect an early victory in Vietnam instead of the prolonged war which the Administration promises.

Rep. McClory recently called for an all-out offensive in Vietnam. He recognizes that the administration "is not demonstrating initiative to bring the war to an early conclusion" and that we can win, but not with our hands tied behind our backs.

Voters in the 12th Congressional District can be proud of Rep. McClory. Our servicemen in Vietnam can know their Congressman is speaking out against their fighting a military engagement but not having military men making the military decisions.

It is time more Congressmen and Senators joined with Rep. McClory in calling for an all-out offensive in Vietnam to bring the war to an early conclusion. It is also time Congress demonstrated their support of our men in Vietnam by prohibiting all

New Manager Named By Bell Telephone

John T. Trutter, Evanston, has been named General Manager of Illinois Bell Telephone's newly-formed North Suburban Area, in a realignment of the company's operation in the suburbs.

Trutter has been with the Bell System for 21 years; he has held the post of Assistant Vice President—Suburban Operations since 1965. In his new position, Trutter

John T. Trutter

will be responsible for telephone company operations in an area that includes all of Lake County; approximately the northern half of Cook County, outside Chicago; and the northeastern portion of DuPage County. The North Suburban Area stretches from the Wisconsin border on the north, as far west as Fox Lake and Barrington, and south of Oak Park, Maywood and Elmhurst.

The newly-named General Manager estimated that this area has a population of nearly two million, served by 848,000 telephones.

"Although our previous suburban area organization has worked well," he said, "We feel that the rapid growth of the suburbs and the increasing complexity of providing service to our customers require a change in organization. This is part of Illinois Bell's plans to coordinate all customer services on a level closed to each community."

Assisting Trutter in his new position will be a staff consisting of H. H. Zuegel, Park Ridge, Division Commercial Manager, whose particular responsibility is the functioning of the telephone business offices in the North Suburban Area; J. A. Kempe, Barrington, Division Plant Manager, whose department is responsible for the installation and maintenance of telephone equipment in the western half of the area; E. D. Reynolds, Morton Grove, Division Plant Manager with the same responsibility for the eastern half; and S. J. Smith, Tower Lakes, Division Traffic Manager, who supervises the handling of local, long distance, and information calls throughout the area. They will continue to work from the office at 7235 Linder, Skokie.

Rep. Murphy Slates Legislative Report To Tavern Owners

Legislation affecting the liquor industry and taverns will be discussed at the meeting of the Tavern Owners Association of Lake County at Angelo's Sunset Inn, Old U.S. 12, Wauconda at 3 p.m. today (Thursday).

Heading the discussion will be State Representative W. J. Murphy, of Antioch. Among bills affecting the liquor industry which were introduced in the legislature was one which have made it mandatory for a driver to submit to a Drunk-O-Meter test under an "implied consent" theory.

Defeat of the legislation brought sharp criticism from Lake County Coroner Orville (Pat) Clavey, Waukegan Police Lt. Gerald Riley, and other law enforcement officers.

Rep. Murphy will discuss this bill and its implications and others which would have added new restrictions on tavern operators.

Congressman McClory also announced the appointment of Gregory L. Harper, the son of Mr. and Mrs. Lee Harper, Round Lake, to the U. S. Air Force Academy at Colorado Springs, Colorado.

Scoutmaster Attends National Scout Ranch

Norman Edwards, Antioch, is participating in the volunteer training program at Philmont Scout Ranch and Explorer Base.

He is enrolled in the Boy Scouting Conference, which is part of a national training program organized by the national Council, Boy Scouts of America.

Edwards, production manager for Midwest Molding and Manufacturing, serves as scoutmaster for Troop 92, sponsored by the Antioch Moose Lodge, in the Northwest District, Northshore Council, Boy Scouts of America, which co-ordinates Scouting for the boys of his area.

The course is being taught at the Philmont Volunteer Training Center and is one of the 28 courses that will be offered to about 1,200 volunteer Scout leaders this summer.

Accompanying the Scouters while they are in training more than 4,000 members of their families will be taking advantage of the full program of activities offered for all age groups.

Attending some of the special programs available for women, Mrs. Edwards is sharing the study-vacation period with her husband and their four children, Don, David, Vickie and Pamela.

In addition to adult training, more than 15,000 Explorers and older Boy Scouts will be visiting the 214-mile ranch this summer to take 12-day high adventure expeditions into the rugged Sangre de Cristo range of the Rocky Mountains. Among the variety of activities available are burro pack trips, gold panning, gold mine tours, mountaineering, and archaeological digging and study.

Lake County delegation of the Illinois General Assembly are also expected to be on hand for the meeting and discussion.

Bank Donates...

(continued from page 1)
too will receive four packages per month, courtesy of the Post Office boys and Antioch parents and friends of the servicemen.

The boys are PFC Gordon L. Pierce and A 3/c John B. Patterson.

An average of 200 packages are sent to the 49 boys overseas in Viet Nam. With such a number of packages being mailed each month one would think that the Post Office would run out of donors. But such is not the case, for ten more donors have stepped forward.

This week's donors to Project Viet Nam include: Eugene and Agnes Simonsen, William Scanlon, Mrs. Walter Buchert, Mallory I.G.A., Mr. and Mrs. Robert Hart, Mr. and Mrs. Fred Jach, Mrs. Adeline Bywell, Helen Wellman, Florence Baer and the State Bank of Antioch.

Quite a few of the Antioch men who receive the generous donations from the post office and townspeople write from Viet Nam to thank them. Just before the Fourth of July weekend we received a letter from Ken Sheldon, Jr., whose home is in Lake Villa. The letter follows:

Dear Postmaster:
I finally have a little time to drop you a line to tell you that I sure appreciated your sending me these packages with the soup, the fudge brownies, gum, and the books that you sent. They sure help to build a soldier's morale up.

I am with the 22nd Replacement battalion in Cam Ramh Bay, Viet Nam. I drive a 2 1/2 ton water truck here. So it keeps me pretty busy. Well, I have to go now.

So please thank all those wonderful people in Antioch for sending me these packages.

Sincerely yours,
PFC Kenneth E. Sheldon, Jr.
Cam Ramh Bay, Viet Nam
Joe Wolf, postmaster, remarks that each man receives four packages, usually. The packages contain normally ten packages of pre-sweetened Kool-aid, sixteen packages of dehydrated soup, candies, cards, checkers, paper bags, pens, paper and numerous other items. Mr. Wolf said that the boys especially enjoy the Kool-aid and soup, which makes the water more palatable.

The Post Office crew still insists on handling the project. They couldn't keep the financial part to themselves, though, as dozens of people who know boys overseas came in with contributions. The Post Office boys intend to keep the project going just as long as a boy from the Antioch area is over in Viet Nam.

Serviceman Re-writes Antioch News Interview

I had returned from the hot steaming jungles of Viet Nam about four weeks ago. After touring the countryside I decided it was about time I went down and thanked the Antioch Post Office for the 876 packages of goodies they had sent me. I went down to the PO and talked with Postmaster Wolf and a few of the other people in the PO and they decided I was too good to waste. So, they sent me to the Antioch News for an unprejudiced on-the-spot real, live personal type interview. The interview went over great because it wasn't fixed and I had no way of making my comments unless I was asked a question. I had all the answers, however, the interviewer forgot to ask the questions.

So, in the following six volumes of literary trash I shall attempt to answer my own questions. For the sake of simplicity we shall designate the questions by a capital "Q". And for those clever people who were trying to get ahead of me and say the answers would be "A", I have fooled you and decided to have the answers lettered "B".

boys on the list, there are probably some boys from the area who are not on the list. The names of servicemen can be turned in to the Post Office by any friend or relative who has their address, and they will receive regularly the packages of Kool-aid, dehydrated soup, pens, paper and various other items set by the Post Office personnel as part of Project Viet Nam.

Q. Now that you have the preface are you ready to start the interview?

B. Yes.

Q. Let me start out with a simple question. Since you have just recently returned from Viet Nam, let's have your opinion on the war over there. What did you think of Viet Nam?

B. I can honestly say it's without a doubt the longest camping trip I've ever been on.

Q. How was the weather over there?

B. The weather was pretty consistent. We had weather every day.

Q. Was it always hot?

B. For the most part it was pretty hot. But not all the time. Sometimes it would be cold or cool in the evening. In Kontum it was actually cold. Then again sometimes it wasn't either hot or cold. Just kind of medium.

Q. How about the terrain features? Was it mountains or valleys or rolling plains or what?

B. It varied. Sometimes there were mountains and sometimes there weren't any mountains. You could usually tell if you were in the mountains because you were higher up in the air if you were in the mountains. If you weren't in the mountains you weren't so high up.

Q. What do you think of the Vietnamese people?

B. The average Vietnamese will come up to you on the street and ask you for a cigarette. GI Joe being the kind soul he is will give him a weed and a light. The Vietnamese will light his cigarette and walk off with your lighter in his pocket.

Q. So I take it you don't really have any deep feeling for the Vietnamese.

B. If you can't say something nice about someone don't say anything at all.

Q. So, what do you think of the Vietnamese?

B. No comment.

Q. Do you think we should be in Viet Nam?

B. Do you think sausage pizzas should be sold to Catholics on Friday?

Q. HMMMMM.

B. I know. It's a rough question. There's no answer. Only opinions.

Q. When do you think the conflict will be over?

B. When do you think Fred Harvey's on the Tri-State will start serving mixed drinks?

Q. I think I know the answer.

B. Not for quite a while.

Q. Last question on Viet Nam?

B. Shoot. Don't take me too literally. I meant the question.

Q. Do you think the US is making any real progress in Viet Nam?

B. How much water is Hinky and Smid selling in the Sahara Desert?

Q. Since you put a brand new piece of paper in the typewriter let's not stop this interview. Let's talk about race and religion. Shall we start with the different races?

B. Yes. I'll make my opinion short and sweet. As far as race goes, I think A. J. Foyt is doing a great job.

Q. I think you're missing the point I wanted to make.

B. I wore braces on my teeth for 18 months and just spent \$225 for contact lenses. Let's just drop the subject at

that.

Q. How about religion?

B. Yes. If you're religious, play the game by rule. You can fool people but you can't fool yourself. You'll never get to heaven by going to church once a week and throwing a buck in the collection basket if you're cutting the corners Monday thru Friday.

Q. Do you think you'll go to heaven when you die?

B. No. And I'm not worried about it. I've learned to cross the bridges as they come.

Q. How about a few closing comments?

B. 1. You can have a lot of fun in Reno if you stay away from the tables.

2. I love Lark Hawkins even though I wear a clip-on tie.

3. There is no opportunity greater in the world than to have the opportunity to serve your country in time of war.

4. May the young men fighting in Viet Nam go to heaven when they die, for they have served their time in hell.

End Long Association With Burlington Newspaper

Charles H. Zimmermann, whose family has owned the Burlington Standard-Press for 78 years, announced last week that he has sold his stock in the business to Standard-Press President William E. Branan.

The sale, involving a majority of the firm's stock, brings to an end the family's long association with the paper.

Announcing the sale, Zimmermann said, "I decided to get out of the rat race and slow up to a normal life." He said he has no plans for the immediate future. The sale price was not disclosed.

Three generations of Zimmermanns have been involved in the paper since Henry E. Zimmermann purchased what was then the Standard Democrat in 1889.

Henry ran the paper until 1916, when he was appointed Burlington postmaster. His sons, Louis and Warner took over. His two daughters Ethel (Mrs. Merritt Giles) and Ermina (Mrs. Carl Treichel) were also members of the staff.

Charles H. Zimmermann, Louis' son, and Arthur H. Zimmermann, Warner's son, became partners in 1948. Warner died in 1952 and Louis died in 1953. Charles inherited his father's shares and purchased the shares of Arthur and Warner when the firm incorporated in 1954.

Branan, 40, has been a stockholder of the firm since 1954. He was the first person other than a Zimmermann to be a part owner in

66 years. Since then, two other men have become part owners.

Branan joined the newspaper as a reporter in 1951. He was named editor when Louis H. Zimmermann died and also became vice-president of the firm when it incorporated. He has been president since 1960.

The Wisconsin Junior Chamber of Commerce named him one of the state's five outstanding young men in 1962.

He was home secretary to Rep. Henry C. Schadeberg (R-Burlington) from 1961 to 1964 and served as president of the Wisconsin Press Association in 1964.

Branan is currently engaged in newspaper activities outside the community which he plans to continue. He is also presently interested in acquiring property outside of Burlington and plans to give more authority to the local staff.

Antioch Scouts Host Algonquin Troop 576

The Girl Scouts of Troop 110, Antioch, invited Algonquin Troop 576 to Camp Morrison on July 7, 8, and 9. Ten girls from the Sr. Troop 110 were in attendance with four girls from the Algonquin troop. Mrs. Donkersloot is the leader of Troop 576.

Towards the close of the camping trip, the girls held a "Cracker Barrel" for their parents. The event consisted of skits and a campfire. Arrangements were made by Margaret DeVries.

PM & L Raises Curtain On Latest Hit, Oliver

Take a bunch of boys, well-trained singers all of them; give them a song like "Food, Glorious Food"; add a polished performer playing a fat role like Fagin and what's your got?

A good Oliver! That's what—a musical you'll enjoy, you don't miss it in its final three night run, July 14-15-6 at the PM&L Theatre. (Director's note: the performance on Sunday, July 16, is a matinee with curtain time at 2:30—there will be no evening performance on Sunday).

Oliver! opened Friday, July 7, at the theatre on Main St. Curtain time is 8:30 p.m. and don't be late for dinner—"Food," that is, which opens the show. "The boys" sing it again in the finale but "desert" isn't enough for this kind of fare.

The finale also includes a second rendition of "Consider Yourself," another great song so "Oliver!" really isn't just "Food" and Fagin, of course.

It's Charles Dickens, set to music—good music and those unbeatable Dickensians—silly Mr. Bumble, wily Widow Corney, nasty Bill Sikes and so on.

And Fagin! PM&L's Fagin is Alastair Ramsey, born in Scotland, later-of-South-Africa, where he was a sports and special events commentator with the South African Broadcasting Corp.; more recently of Park Forest, Ill. He's had acting experience in many little theatre groups.

Ramsay is a tall, skinny, filth-and-rags Fagin with a big voice he uses well in both singing and speaking. When he's on he dominates the stage and, despite his skulduggery, you can't help lovin' the guy.

Oliver Twist is played by Richard Smouse whose father, Ken Smouse, is president of PL&M and the able director of Oliver!

Rick will be a fifth grader in September. His success

in the show stems primarily from his tow-headed, little boy charm, although he has undeniably acting ability. His ready little voice would have been more convincingly appealing in his songs but, unfortunately, you couldn't hear him very well.

In fact, the main flaw in Oliver! one finds in the lyrics. Other than Ramsay who, as Mrs. Corney, articulates her excellent contralto, the show is mostly music, not words.

To be fair, though, is to remember the characters are singing cockney English, not too easy for American tongues. Also, first-night sound projection problems obviously existed, as detected in the occasional playbacks.

Making especially lovely music and with lyrics you could understand were Sue Bushnell, Linnea Serhsen, Carol Brandy, Gary Strahan and Bill Serhsen doing the haunting "Who Will Buy?"

Also good were the songs, "That's Your Funeral" and the rousing "Oom-Pah-Pah." But, if the sound of Oliver! wasn't always first rate, the lighting way. Wayne Bentel was responsible. His use of spots for example, when Betty Smouse as Nancy sings "As Long As He Needs Me," made that poignant ballad memorable. But, again the lyrics suffered as they did when Don Beveroth as Mr. Bumble, sings with Widow Corney, though Beveroth, the actor, is one of the stellar performers in the show.

Actually, there were no bad performances in Oliver!, some were just better than others. Smaller roles were handled effectively and the orchestral accompaniment, though a bit too loud for our taste, was competent.

And, we repeat, as theatre fare goes, "Food" is a real treat in Oliver!

entrance. Kenneth moved with his group from Tui Hua to Phu Heip to Kon Tum to Phan Rank to Song Mal to Khanh Duong to Duc Pho. Kon Tum stood out in his memory—it was the one time in Viet Nam he was really cold. They moved there in December and it was very cold. He corraled sweaters and extra blankets but still shivered.

Now that he's out of the Army, Kenneth is going to flight school at AG Aviation Academy, near Reno, Nev., and train to be a pilot. It may be a long time before he gets back to Antioch.

Navy. He has had a course in Civil Defense in Kenosha County. He will serve part time until July 15, Meierdick said, then full time.

The board approved the purchase of a Breathalyzer for the police department, and a file case for fingerprints.

Mayor Ray Toft announced that a hearing will be held July 31 on special assessments for the Hennings Court sewers. Notice of the hearing is in the Antioch News of July 6 and 13.

Edgar Simonsen informed the board that he can get fill at no cost that could be used to fill in the low area behind the stores on the east side of Main St.

A lake is being dug near the Angels, a resort on Route 83, Simonsen said, and he can get the excavated dirt for hauling it away. However, the area to be filled will have to be cleared of trees, brush and rubbish before the fill can be moved in.

Mayor Toft instructed the committee on streets to try to get an estimate on the cost of having the area cleared, and to contact merchants on Main St. and find out if they would pay to have the work done.

Mayor Toft announced that the Antioch Grade School Band had proved a credit to the community at Expo 67 and had been highly complimented by many people who heard them play. They were the youngest band to perform at the Fair, Toft said, and many people approached him to compliment the members on their behavior and ability.

THE ANTIOCH NEWS 3 THURSDAY, JULY 13, 1967

John Horan, reported that many of the units are large. Starting in the late morning and continuing until everyone is fed, the Lions Club will hold their Annual Chicken Barbecue at the pool area.

Sometime during the afternoon, the Moose will conduct their beard-growing contest near the pool. All the men in the area are asked to cooperate by growing long, bushy beards!

Also in the afternoon, after the parade, the results of the Beauty Pageant will be finalized with the crowning of the Lake Region Queen from a field of five finalists. The finalists will ride in the parade, then have dinner before the winner is announced.

At the July 6th meeting, the possibility of a square dance was discussed for Friday night. It was feared that this dance might conflict with an event planned by the Rainbow Girls.

The Art contest will be held prior to August 4th. Two local judges have tentatively been secured. The paintings will be exhibited in the Courtyard, or the bank, depending upon the number of pictures.

The Jubilee Commission states that all changes or additions to the celebration must be in to the Chamber by July 15. After this date no more arrangements will be made.

By Mrs. Bernice Bernau.
Miss Mary Kay Brown, daughter of Mr. and Mrs. Warren O. Brown of Lake Villa, and Walter H. Vandernald, Jr., son of Mr. and Mrs. W. H. Vandernald of Chicago, were married June 24 at the Lake Villa Community Methodist Church. The Rev. Bruce C. Jones officiated in the ceremony.

The bride was given in marriage by her father, Miss Sharon Johnson was maid of honor and Miss Kathy Lind and Mrs. Sheldon Slodki, sister of the bridegroom, were bridesmaids.

Peau de soie trimmed with Mexican lace fashioned the skimmer silhouetted gown worn by the bride. Crystals and pearls accented the skirt's deep hem and chapel train. She chose a forward cluster flower of jeweled peau de soie petals, which held her bouffants snood

Lake Artists Win Ribbons

In the Regional Town and Country Art Exhibit at the University of Illinois Chicago Circle Campus, three local artists were chosen by the jury for blue awards.

A wood was entered by Mr. Norman N. K. Plummer of Ingleside. The piece was untitled which enticed the judges into awarding him a first place, also.

All of these first place entries will be eligible for state-wide competition. All in all, Lake County artists took 11 of the 13 blue awards made in the exhibit.

Counties-with-exhibits-in the regional show were, in addition to Lake, Cook, DuPage, Kankakee, and Will. Cook and Will each received one blue award in the showing. Social Notes

By Del Jahneke

Mr. and Mrs. Joseph Horton of Antioch, accompanied by Mrs. Effie Nelson, drove to Columbus, Ohio, to attend the wedding of Mrs. Nelson's grand-niece, Miss JoAnn Mollinaro. Miss Mollinaro is the daughter of Mr. Earl Mollinaro and the late Mrs. Ellen Mollinaro. She was united in marriage to Mr. George Michael Grau, in a high nuptial mass ceremony, at St. Andrew's Catholic Church, Columbus, Ohio, on July 1st. Mr. Grau's grandparents' wedding gift to the young couple was a three week honeymoon tour of Europe. Mr. and Mrs. Grau will reside in Cleveland. The Hortons and Mrs. Nelson spent four days in Columbus sightseeing and visiting relatives in that vicinity.

Mr. and Mrs. Victor Klein, Beach Grove, had their two granddaughters visiting them, while their parents, the Richard Kleins were touring Expo 67. On July 4th, the Kleins hosted a large family birthday party. Independence Day is Mr. Klein's birthday.

The Bernard Stadick family and the John W. Horan, Jr. family recently returned from a combination trip to Expo 67, and a visit to Niagara Falls on their "long-way around" trip home. While at Expo 67, they were proud of the performances of the Antioch Grade School Band, and the standing ovations they received. The Stadicks were very impressed with the Illinois Bell Telephone Building; the United States Exhibit, which had a terrific display from Indian headgear, clothing, weapons, to the Space Age; the India Exhibit; and the Czechoslovakian Building, with its beautifully hand-carved wooden figures, hand-made lace, and blown glass collection.

Both the Horans and Stadicks had the same complaint that all visitors to this World's Fair have—that long wait in line to see the exhibits. However, the superb scenery, the excellent roads, and the clean lodgings made the entire trip a pleasure.

The newlyweds were feted at a reception at the Round Country Club of Round Lake.

They are now at home in Oak Park, after spending their honeymoon in the Ozarks.

Women To Sponsor Costume Contest

The Woman's Club of Antioch would like to announce that they will sponsor a costume contest during the Diamond Jubilee. The costumes should be of the period around the incorporation of Antioch. Prizes will be given for the most authentic man, woman, and child costume.

Three judges will award \$25 to the best in each of the four age groups. Judging will be held on Friday, August 4th, in front of the Village Hall at approximately 3 p.m. A trophy will be awarded for the best overall appearance.

Pictures of costumes of that time will be displayed in

Seaman Apprentice James L. Hetland, USCG, son of Mr. and Mrs. Boyd L. Hetland of 1905 Lincoln Drive, Lake Villa, is serving aboard the U. S. Coast Guard icebreaker Edisto in the eastern Arctic.

The icebreaker is scheduled to spend about five months in the far north supporting the annual resupply of strategic polar outposts. The ship will also conduct oceanographic and hydrographic surveys.

The Edisto, transferred from the Navy to the Coast Guard in 1965, has an extremely strong hull and a sloping bow which enables her to ride up on heavy ice and break the ice with her own weight. She is able to cruise through ice 3-4 feet and by backing and ramming she is able to break through ice up to 12 feet thick.

Icebreakers such as the Edisto are essential to vital U. S. operations in the Arctic and Antarctic regions.

Flag Designer Wins \$50 Bond

Don Evanos of Fox Lake Heights, an art student at Antioch High School, was the winner of the contest recently sponsored by the Antioch Chamber of Commerce to design a flag for the village of Antioch.

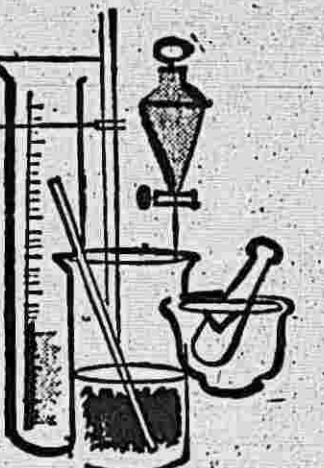

Don was presented with a \$50 bond last week for his efforts by Dale Starkey, chairman of the committee on the flag contest.

The flag, made up according to Don's design, now flies from the flagpole in the village park. It was presented to Mayor Ray Toft at the village hall July 4.

Don is a junior at Antioch High. The pioneer on the flag, he says, represents the heritage of the town. The gray is for the soil. The date of the incorporation of the village is on the flag—1892.

Expecting Son Home

Vernon and Betty Riihimaki of Deep Lake Road, Lake Villa, are expecting their son, Robert, his wife, Kathy, and their family when they come for a visit later this month. The Riihimakis received a call from Bob two weeks ago that he had left Vietnam and was in San Francisco, on his way to Boston, Mass., to see his wife and twin daughters whom he has never seen. The little girls were born last Sept. 17. Although he has never seen them, he probably knows more about his daughters than most fathers do, who see their children every day. His wife wrote him a letter every day. Bob has been in the service seven years and has three more to go. When that time is up, he plans on signing up again. He has to report back to the San Diego Naval Hospital by August 2, where he will be a Hospital Corpsman. As usual, Betty is baking a lot of goodies for the happy occasion.

Out of Town Visitors

Mrs. Dorothy Verdick's sister, Mary Zaiss and her husband, George, spent a week of their vacation visiting with her and her husband, Ray. They celebrated Father's Day a week earlier at their son, Kenneth's home in Mundelein. The Zaiss are from Kansas City, Mo.

Transferred

State Trooper Tom Beatty has been transferred to East St. Louis. We are sorry to see them go, and will be happy to hear when they return.

Anniversary

June and Frank Simicek celebrated their 25th wedding anniversary recently at the home of June's son, Royce Johnson and wife and their two sons, at Grayslake.

Janice Sonandres was guest of honor at a bridal shower June 25, at the home of her future sister-in-law, Mrs. Ruth Montanie in Huntley. Co-hostesses were Janice's sisters, Mrs. Rose-Hawking of Chicago and Mrs. Elaine Neuzil of Carpentersville.

Happy Birthday, Bill! Eighty years is a long time, but Bill doesn't seem to show it! Friends and employees of Frostee Sno are pictured gathering around Bill Ernst, of Antioch, Tuesday to help him celebrate his birthday.

Bank To Distribute Anniversary Medals

William E. Brook, president of the State Bank of Antioch recently began distributing commemorative medals and medallions in association with the Illinois Sesquicentennial Commission. By selling these medals, the major financial institution of Illinois will play an important part in the year long observance of the state's 150th year.

The commission issued two types of dollar-size pieces, solid silver and nickel-bronze. Each silver piece is numbered on the edge and enclosed in a plastic holder. The 10,000 silver pieces sell for \$7.50. The bronze sell for \$1.00.

Proceeds from sales of all banks and savings and loan associations in a particular county will divert to support Sesquicentennial projects and activities in that county. The 1,000 banks and 500 savings and loan associations participating in the distribution are donating their time and facilities and performing this public service on a completely non-profit basis. They are the sole distributors of the medallions within the state.

Both of the pieces are expected to have wide appeal and become collectors' items. One side displays the great Seal of the State of Illinois, while the obverse depicts the progress of the twenty-first state through 150 years—from oxen to jet planes to the space age.

Gilroy Roberts, former chief engraver of the United States Mint, modeled the medals for the Commission.

Antioch Swimmers Top Visitors

By Ron Hellstern

The Antioch Swimming Team opened its season with a bang last Thursday night when the starter's gun commenced the first home meet against Libertyville.

I am sure the spectators will agree that it was one of the most exciting meets ever held here.

The teams were about equal in number and ability as the lead changed hands eight times during the night.

The Antioch swimmers found most of their strength in the relays, but the individual events helped maintain their final lead as they finished the night ahead 147-128. Hopefully, this is the first of a string of future victories.

This Saturday the Antioch team will travel to Waukegan to swim against a strong Brentwood team.

Other meets are:

July 15—Brentwood, there
July 20—Brentwood here
New team members are:

9-10—Jon Bodin
11-12—Jenny Walpole
13-14—Kathy Walpole, Jerry Blakeman, Rosina Hellstern
15-16—Gary Lang
Anyone interested in joining the team should call Ron Hellstern, 395-1340, as soon as possible. The registration fee is only \$10, half of what it was last year.

White Mustang Blasts Driver's Season Record

Tim Seyl in his sparkling white Mustang recorded his best night of the season with the late model feature win at the Waukegan Speedway Saturday night, July 8, before a large crowd.

Seyl becomes the ninth different feature winner in twelve nights of late model racing at the Speedway.

Bill Robis, Antioch, passed Marty Chapman for the lead on the second lap and looked like a sure winner as he built up a gigantic margin over the star-studded field in the opening laps.

Robis' car caught fire on the ninth lap and he was out of the lead.

A tenth lap tangle right in front of the starter gave Seyl the break he needed and he breezed into fourth spot. Seyl jumped to second on the sixteenth lap.

At the restart Gutche maintained his lead until the 22nd lap when Seyl passed him on the inside ending a terrific wheel-to-wheel duel.

The hobby stock feature was a real thriller. Every car in the field piled up neatly in the third turn on the first lap. Jim Couch, starting as an alternate, showed a tremendous burst of speed in the final corner to edge Seberg at the finish line in a race which left the crowd breathless.

The crowd came to their feet on the last lap of the third heat race as ex-champ Dennis Burgan and Dave Evans raced fast and furious to the finish line for second money. Burgan claimed that spot, but Evans' win in the trophy dash ranks him as the winningest driver of the season with 10 triumphs to his credit.

John Reimer returned to the Waukegan Speedway Sunday night after an absence of several weeks and gave the weatherman a good run for his money, but in the end the rain won out.

Reimer turned in a blistering .1673 clocking to lead the field by nearly 0.40 seconds in the qualification runs.

The rain erased the entire program from the record books and no points were awarded for the events completed. Rounding out the top six qualifiers were Bill Bohn, Jim Sullivan, Tom Anderson, Antioch, Bill Strom and Chuck Uttech in that order.

In the pits for the first time this season were the cars of Jerry Hawkinson and Chester Larson. Both of these drivers expect to be regular competition at the speedway in the coming weeks.

The first armor encounters of WW II involving U. S. forces were fought on Luzon in the Philippines in 1941-42 by the 192nd and 194th Tank Battalions composed entirely of National Guardsmen from seven different States.

We are looking forward to providing several new activities during this year's festival which we feel will bring record crowds to the Waukegan Lake Front Area."

First Place Boosters Blank-Out Advertiser

Dale Dvorak pitched a shut-out to the Advertiser last Monday, as the Boosters blanked the Advertiser, 9 to 0. The losing pitcher, Brian McCarthy, increased the Booster's record to 4 to 2.

Displaying both hitting and pitching talent for the Bankers, Rick Nelson took honors as his team beat the Antioch Merchants, 9-4. The long ball was hit by Bill Albano and Tom Tossey. Albano came across the plate after hitting a long home run. Danny Sterbenz took the loss for the Merchants in the July 5 duel.

On Monday, Marty Romaine pitched his way to his third win without a loss; in so doing he downed the Advertiser, 12 to 8 to give the Bankers their 6th win against one defeat. The Bankers' hitting star was Bill Albano who received three hits at four times at bat, including a single, triple and a clean homer over the center fielders' head. Wayne Simon was the losing pitcher for the Advertiser.

The Babe Ruth All-Stars journeyed to Barrington to participate in district play. The boys played excellent

ball but finally dropped the game in the eleventh 6 to 3 to Wauconda as darkness closed in upon the field. Bill Albano pitched 9 good innings of baseball but then tired in the 10th and was relieved by Jim Kopriva. Kopriva took the loss after Wauconda scored four runs in the top of the eleventh.

Commenting on Zeman's decision Coach Blackman said, "I am extremely pleased that Don met the strict academic requirements at Dartmouth. I feel he will play an important role in our athletic future."

Bergloff Paces Mouldy Victory

A trio of home runs by Whitey Bergloff paced Mouldy's to an easy 18-2 win over Casey's Tap in a K of C softball league game last week. Contributing to the powerful Mouldy attack were Bill Parr and Charley Payne, both of whom added four baggers. The heavy hitting support made it easy for Willie Grogan to chalk up the win, while Frank Heiselman was charged with the loss.

Tom's Groceries, paced by home runs by Ron Rotman and Ken Foy, romped to an easy victory over Tiny Links in another Wednesday tilt. Jim Hall coasted to the win while Charlie Sink was the pitching victim.

Red Cross Offers Tips On Swimming Instruction

(Ed. Note: This is the first of a series on swimming instructions offered by the American Red Cross.)

How well a youngster learns to swim is but one measure of a parent's success as a teacher, according to Robert Pohl, Red Cross volunteer water safety chairman. The most important measure is whether the parent and child possess positive attitudes toward swimming—and being safe in, on and around the water.

You will want to develop within your youngster the desire to be safe while in the water. Adults can do this by pointing out that the youngster will enjoy himself more if he will learn and

Veteran Returns; Takes Trophy Dash

Veteran Bob Kelley returned to the Waukegan Speedway Monday night and walked away with the first clean sweep of the season. Three flips and a big fireworks display added to the evening's entertainment.

Arnie Gardner was in top spot in the fifteenth, but Kelley streaked into first on the twenty-first lap and was never headed. Kelley won the exciting trophy dash after Bob Burger nearly crashed on the last lap while leading.

Jim Walters won a qualifying heat in the hobby stocks, but then took a very nasty flip in the closing laps of the feature. His Ford rolled at least three times, but Walters emerged not seriously injured. Bill Hart won the event.

A large field of cars was on hand for the special Monday night races. Sprinkles right up to race time and heavy clouds probably held the crowd down, nevertheless the third largest late model turnout of the season witnessed the exciting races. Jim Cossman increased his lead substantially over his nearest challenger, Dennis Burgan, even though Cossman experienced handling problems for most of the evening.

Two other name drivers missing when feature time rolled around were Dave Evans and Ron Kalous. Evans blew an engine and Kalous took a wild and damaging spin through the infield off the bumper of Burger during the wild heat action.
